Contributing authors

Ian Turner	UKWF Technical Officer October 2010 to present	<i>May 12</i>
John Anthony	Independent Metrology Consultant; UKWF Technical Officer November 1993 to October 2011; Board Member of the UKWF 1993 to 2006; UKWF Member of CECIP Legal Metrology Group 1991 to present; President CECIP Legal Metrology Group 1994 to 2006; CECIP Rapporteur for WELMEC WG2 to 2006; CECIP Rapporteur for WELMEC WG5; CECIP representative to OIML Conferences 1996, 2000, 2004; Institute of Measuring Instrument and Control Weighing Panel, 1996 to present.	<i>Jan 07</i>
Steve Austin	Cass Industries	<i>Jan 07</i>
David Ayling	Director, Straightpoint (UK) Ltd; Board member of the UKWF 2006 to present.	<i>Jan 07</i>
Geoff Bottrill	Explosion Protection Instrumentation & Control (EPIC)	<i>Jan 06</i>
Nick Catt	Weightron Bilanciai Ltd	<i>Jan 07</i>
Paul Dixon	Product Certification Manager, National Weights & Measures Laboratory (NWML); UK representative for WELMEC WG2, Oct 2004 to present; member of the working groups for OIML Recommendations for Weighing Instruments, 2000 to present.	<i>Jan 08</i>
Peter Edwards	Legislation Manager – Measuring Instruments, National Weights and Measures Laboratory (NWML); UK representative for WELMEC WG8, 2000 to present.	<i>Jan 08</i>
David Green	DCG Associates	<i>Jan 08</i>
David Highton	Technology Manager (Agency and Special Schemes) Compliance and Risk Group, BSI Management Systems	<i>Jan 06</i>
David Jagger	Senior Partner, Jagger & Jagger	<i>Jan 07</i>
Kerry Jones	Operations Director, GSS Training Limited	<i>Jan 07</i>
Alasdair D. Littlejohn	Sales Manager, Load Cell Division, Vishay Measurements Group UK Ltd	<i>Jan 07</i>
David Pewter	Legal Metrology Manager, Herbert Group Limited; Former UKWF member of CECIP Legal Metrology Group; CECIP Rapporteur for WELMEC Working Groups 2.1, 2.2, 2.3, and 7; CECIP Rapporteur for OIML R51.	<i>Jan 07</i>
Tony Mellor	Metrology and Quality Manager, Mettler Toledo Ltd; Board member of the UKWF 1996 to 2009, President of the UKWF 2006 to 2008.	<i>Jan 08</i>
Nick Parsons	Brand Manager - Process Weighing & Control - Mechatronics Division -Sartorius Ltd; Board member of the UKWF 2004 to present.	<i>Jan 07</i>
Jeremy Sage	Technical Director, Stringer & Co (Scales) Ltd; Board member of the UKWF 2003 to present. President of the UKWF 2008 to 2010.	<i>Jan 08</i>
David Smith	Engineering Manager Load Cells, Avery Weigh-Tronix Ltd. Member of the Instrument of Measurement and Control Weighing Panel 1998 to present.	<i>Jan 06</i>
Richard Stokes	Managing Director, Central Weighing Group.	<i>Jan 07</i>
Geoff Stringer	Managing Director, Stringer & Co (Scales) Ltd.	<i>Jan 06</i>
Andy Taylor	Sandwell Trading Standards	<i>Jan 06</i>
Nick Williams	Managing Director, Conformance Ltd	<i>Jan 08</i>

Contributing companies / organisations

Avery Weigh-Tronix Ltd	Design, manufacture, installation, repair and service of non-automatic and automatic weighing instruments. Accredited to BS EN 9001:2000, BS EN 14000; Force Laboratory and Metrology Laboratory accredited to ISO 17025. Accredited to undertake EC Declaration of Type Conformity under the requirements of Council Directive 90/384/EEC, accredited to undertake initial verification of weighing instruments under Section 11A of the Weights and Measures Act 1985.
BSI Management Systems	
Cass Industries	Cass Industries offer a range of testing, advisory and technical services to help companies and other businesses comply with European regulations. Areas of expertise include: CE Marking, EMC Compliance Testing, LVD Inspection and Test, RTTE Approval and Medical Devices
Central Weighing Conformance Ltd	Conformance Ltd is a specialist consultancy advising on all areas of product safety and especially the CE marking of machinery. We have wide experience in many market sectors and industries, from sole traders to blue-chip multinationals. We can also advise on environmental design and manufacturing requirements under the RoHS and WEEE Directives, as well as the requirements of the General Product Safety Directive and other non-CE marking Directives.
DCG Associates	Consultancy to the weighing industry
Explosion Protection Instrumentation & Control (EPIC)	Specialist in training and consultancy on hazardous area instrumentation.
GSS Training Ltd	GSS Training Ltd offer a broad range of soft skills and personal development to suit all levels up to senior management. Their Health & Safety suite includes IOSH Managing Safely, IOSH Working Safely, Risk Assessment, CCNSG, Safety Passport Training for the Food, Quarry, Manufacturing, Building Maintenance, Petrol, Pharma, Motor and Industrial Utilities sectors.
Herbert Group Ltd	Design and manufacture of Non-automatic and Automatic Weighing Instruments. Accredited to undertake initial EC Declaration of Type Conformity under the requirements of Council Directive 90/384/EEC.
Jagger & Jagger	Legal Metrology Consultants
Mettler Toledo Ltd	Mettler Toledo specialises in the area of precision instruments for professional use. Mettler Toledo instruments are used in industrial and retail applications, research, scientific, drug discovery, and quality control labs in the pharmaceutical, chemical, food and cosmetics industries.
National Measurement Office (NMO)	UK Regulator for weighing and measuring instruments used for legal metrological purposes. Notified Body for the NAWI Directive and the Measuring Instruments Directive. Responsible for issuing Type Approval Certificates under the W&M Act 1985 on behalf of the Secretary of State. UK Issuing Authority for OIML Certificates of Conformity for weighing instruments (R60, R76, R50, R51, R61, R106 and R107).
Sandwell Trading Standards	

Sartorius	The Sartorius Group is an internationally leading laboratory and process technology supplier covering the segments of biotechnology and mechatronics. The Goettingen-based company founded in 1870 currently employs a good 3,600 persons. Its biotechnology segment focuses on filtration and separation products, bioreactors and proteomics. The mechatronics segment manufactures, in particular, equipment and systems, which feature weighing, measurement and automation technology for laboratory and industrial applications, as well as hydrodynamic bearings.
Straightpoint (UK) Ltd	Manufacturers of loadlinks, crane scales, tension/compression load cells, wireless load cells and bespoke load monitoring packages. Together with a range of instrumentation and software packages, Straightpoint supply solutions for weighing up to 1000 tonnes.
Stringer & Co (Scales) Ltd	Distributors of weighing equipment to the trade; non-automatic weighing instruments, indicators, platforms and weights.
Vishay Measurements Group	Vishay Measurements Group is a leading manufacturer of strain gauges, load cells, weighing instruments and systems. The Load Cell Division supplies components such as Tedea Huntleigh, Revere, and Scentroid branded load cells and the VT brand of weighing instruments. The range includes OIML and ATEX approved products and is supported by a pan-European network of sales offices and distributors.
Weightron Bilanciai Ltd	Weightron Bilanciai Ltd is a leading manufacturer of weighbridges and the UK division of the renowned Bilanciai Group headquartered in Modena, Italy. The Bilanciai Group is Europe's largest manufacturer of weighbridges and industrial weighing equipment with 14 factories and over 40 worldwide Distribution and Servicing Agents.
